INTRODUCTION

This guide will show the user how to disassemble a Sony Ericsson J220i with the intent of removing and replacing the phone's keypad.

Step 1 — Battery

 Before disassembling the phone, make sure the phone is powered off.

Step 2

- Flip to the back of the phone and locate the black button on the top of the phone.

Step 3

- Firmly hold down the black button on the top of the phone and gently snap off the back cover.

Step 4

- Remove the battery by wedging it out from the back.

Step 5 — Keypad

- Flip to the front of the phone and apply pressure to the front frame of the phone. The frame should snap off easily.

Step 6

- Remove the keypad by gently pulling it from the front of the phone.

To reassemble your device, follow these instructions in reverse order.
