INTRODUCTION

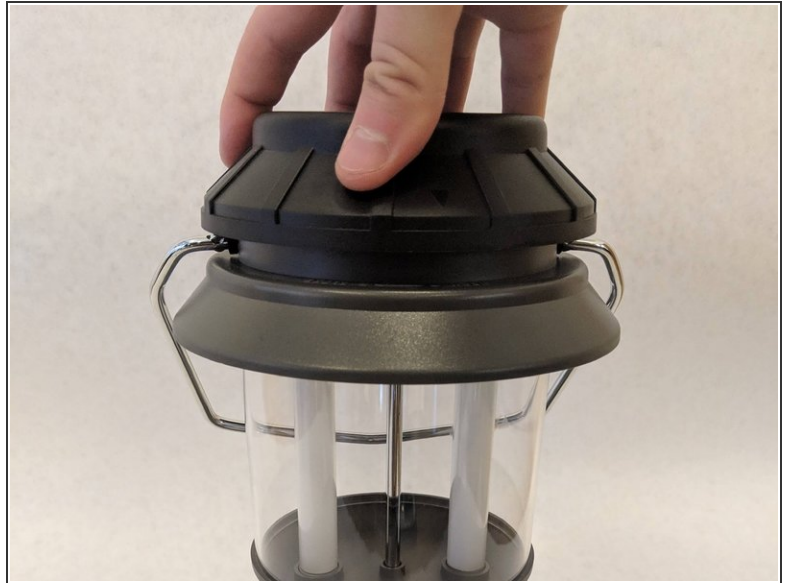

Light bulbs burnt out? Having trouble trying to get your lantern to turn on? It could be due to faulty light bulbs. Check out this guide to learn how to replace your lightbulbs on this lantern!

PARTS:

- [Coleman Six-Inch Daylight Fluorescent Tubes \(Pair\)](#) (1)
-

Step 1 — Light Bulb

- To remove the top lid of the lantern, twist the lid counter clockwise to the unlocked position and lift lid up to remove.

Step 2

- Remove each of the broken fluorescent light bulbs one at a time by pulling straight up.

To reassemble your device, follow these instructions in reverse order.
