PSP E1000 UMD door Replacement

How to replace psp E1000 UMD door

Written By: William Harris
Step 1 — UMD door

- Open the UMD door

Step 2

- using your thumb and pointer finder, get the 2 top ends of the UMD holder and pinch together, you've done this correctly if the trays close to the door.

Step 3

- **CAREFULLY** pull off the door if it's got nothing wrong with it

---

To reassemble your device, follow these instructions in reverse order.
