Step 5

⚠️ Do not disconnect the cable connector located in the red box.

- Use tweezers to remove the speaker cable from the groove attached to the battery.

- Push the cable to the side so it does not get in the way of the battery removal.

Step 6

- Disconnect the battery cable connector by sliding it out of the socket.

  ⓘ Move the battery out of the way if you need more room to disconnect the power cable.

Step 7

- Carefully remove the battery.

To reassemble your device, follow these instructions in reverse order.
