

Samsung ATIV Book 9 NP900X3K-S01US

Battery Replacement

How to replace the battery in a Samsung ATIV Book 9.

Written By: Arthur Guz

INTRODUCTION

Is your Samsung ATIV Book 9 experiencing any power related battery issues such as power loss or screen flickering? This guide is here to assist you with any issues concerning the battery. A Phillips #00 screwdriver is needed to remove the battery for replacement.

TOOLS:

- [Phillips #00 Screwdriver](#) (1)

PARTS:

- [Samsung Replacement Battery AA-PLVN4AR](#) (1)

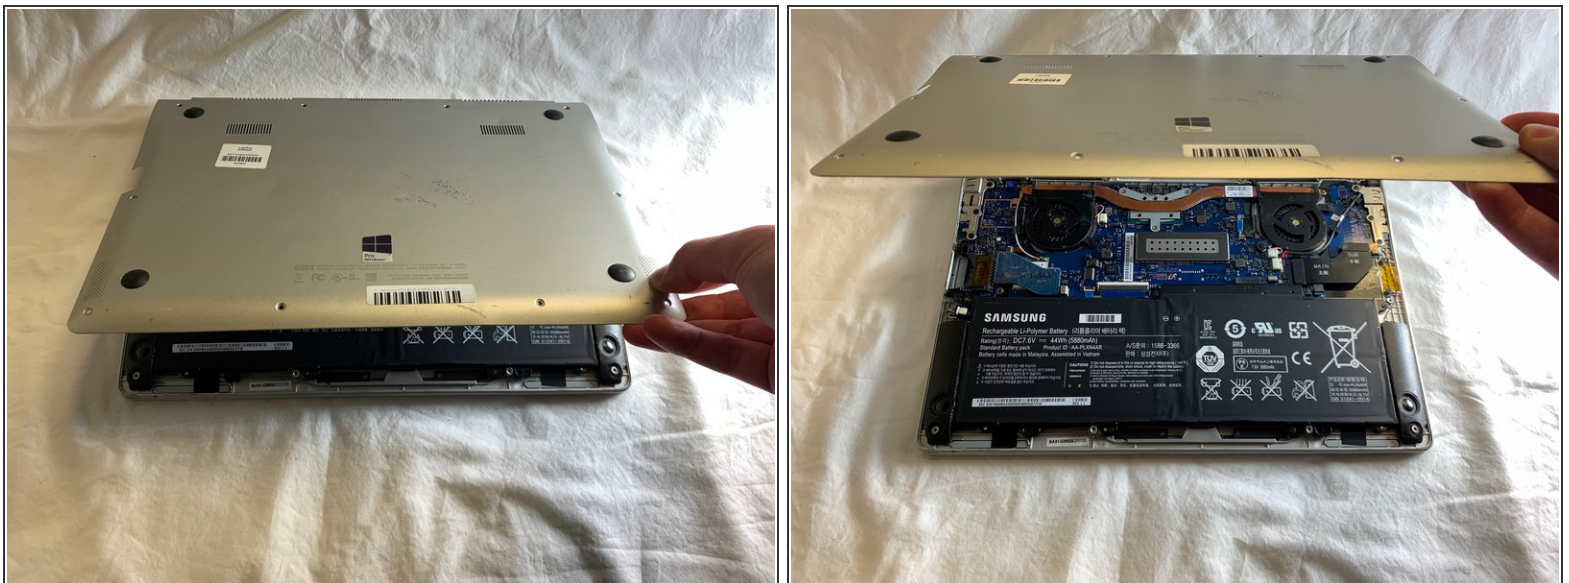

Step 1 — Bottom Case

 Make sure that the Samsung ATIV Book 9 is powered off and not connected to any power outlets.

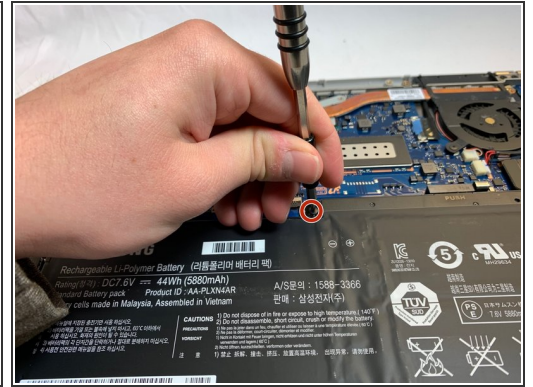

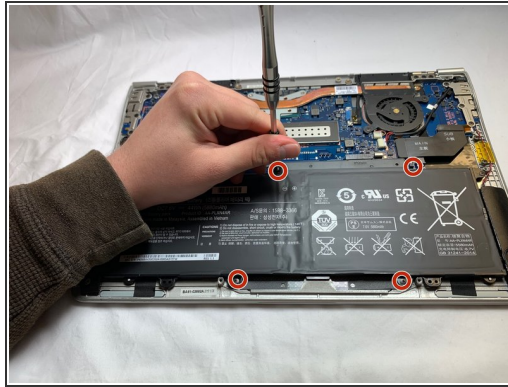

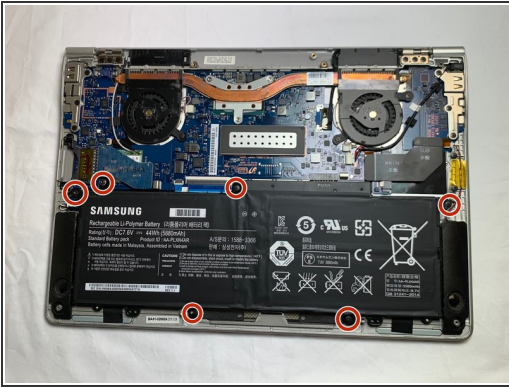

- Close the device and rest it on a flat surface.
- Flip the device over to access the ten 4.3 mm screws located on the bottom case.
- Remove all ten screws using the Phillips #00 screwdriver.

Step 2

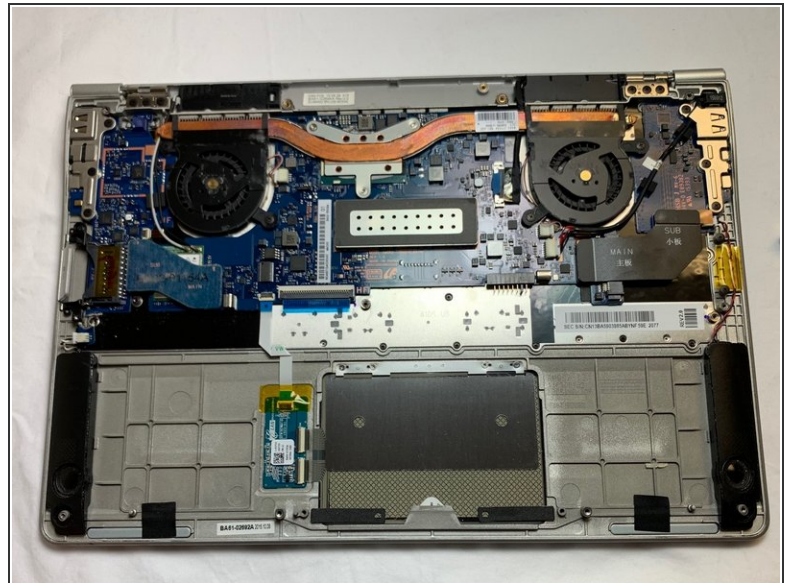

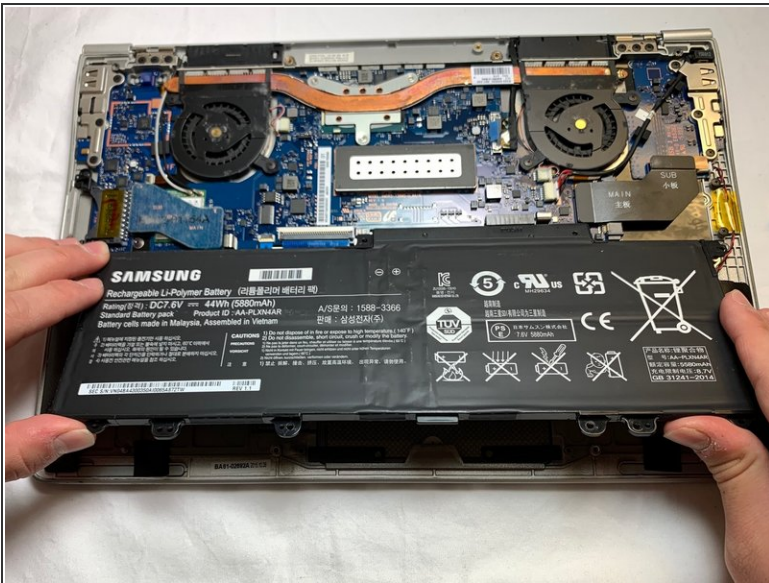

- Gently lift and remove the bottom case.

Step 3 — Battery

- Using a Phillips #00 screwdriver, remove the six 4.3 mm screws securing the battery to the device.

Step 4

- Carefully lift the battery out.

To reassemble your device, follow these instructions in reverse order.
