

Dell XPS 15 9530 Base Cover Replacement

How to replace a Dell XPS 15 9530 base cover.

Written By: Larissa Omura

INTRODUCTION

The base cover is important as it is where the inner components of the laptop is housed. It is used to protect the parts inside from any damage. Removal of the base cover will be covered in this guide.

TOOLS:

- [T5 Torx Screwdriver](#) (1)
 - [Phillips #0 Screwdriver](#) (1)
-

Step 1 — Base Cover

- Using a T5 Torx screwdriver, remove ten 3mm screws.

Step 2

- Lift the plastic tab.
- Remove two 3mm Phillips #0 screws under the plastic tab.

Step 3

- Lift the lower case off.

To reassemble your device, follow these instructions in reverse order.
