

# Toshiba Satellite A85-S107 15" Keyboard Keys Replacement

Use this guide to replace or install keyboard...

Written By: Travis

# INTRODUCTION

Use this guide to replace or install keyboard keys on your Toshiba Satellite A85-S107 15" laptop.

---

## TOOLS:

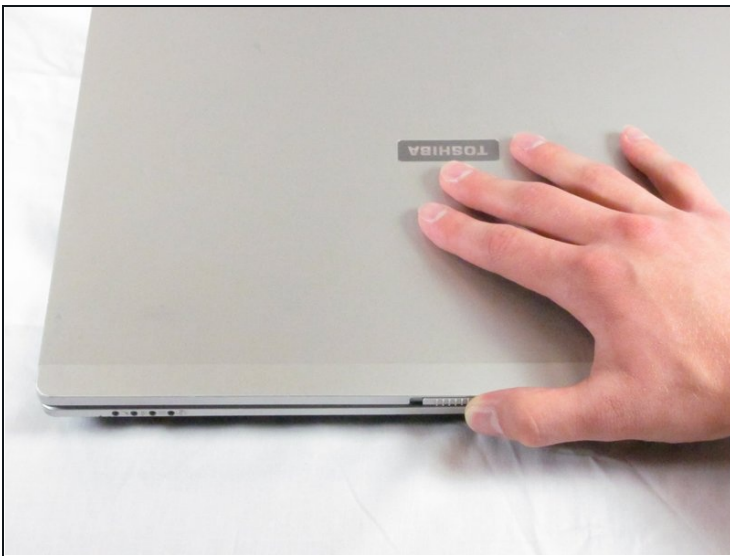

[iFixit Opening Tool](#) (1)

## PARTS:

[85 Keyboard Keys](#) (1)

---

## Step 1 — Keyboard Keys

- Open laptop by sliding the front tab to the right and lifting the screen.

## Step 2

- Use plastic opening tool to lift key up. It should just pop off easily.
- Repeat for all remaining keys.  
⚠ The space key and right shift key have supportive metal bars along with the key.

To reassemble your device, follow these instructions in reverse order.
