Written By: Kayla Robinson

INTRODUCTION

Due to the comfort they provide headphone users, earpiece cushions are an extremely valuable part of the headphones. This guide shows you how to easily replace the earpiece cushions for the Skullcandy UPROCK S5URFZ-390.

TOOLS:

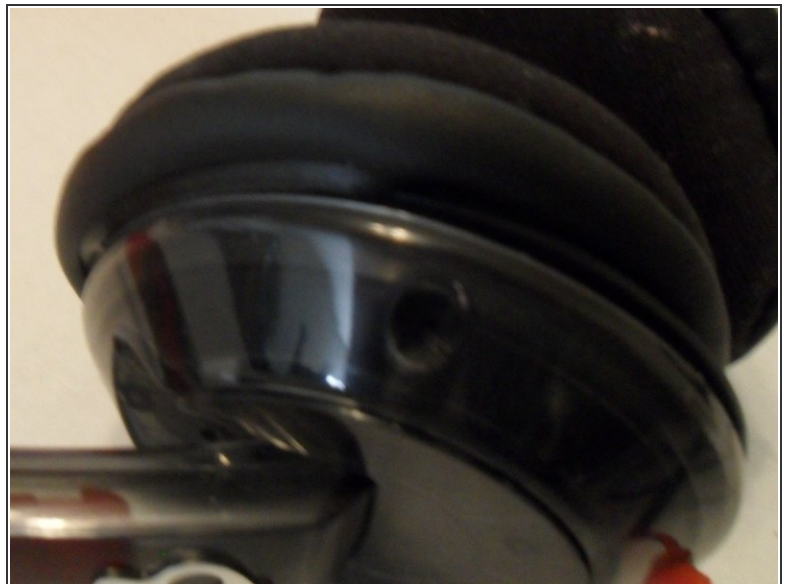

- [Tweezers](#) (1)
-

Step 1 — Earpiece Cushions

- Locate the grooves where the cushion should be located on the earpiece.

Step 2

- Place the cushion on the groove of the earpiece.

Step 3

- Use tweezers to pull the cushion to the opposite side of the earpiece.

Step 4

- Run your fingers around the earpiece cushion to make sure the cushion is secured.

To reassemble your device, follow these instructions in reverse order.
